Re. Letter of recommendation

Dear Sir or Madam;

We recently purchased a System Tech/ Datacom phone system for our communication needs. We have been extremely happy and it has exceeded our expectations.

The NEC Elite IPK system has proved to be an asset as we service the needs of our growing customer base. The technician that installed our system was knowledgeable and willing to meet our specific needs. He has proved to be more than just a "technician" and that has really added value to the system.

We would recommend System Tech/ Datacom for any business that needs solid and dependable communications.

Sincerely,

Jerron Moore  
General Manager
