To Whom It May Concern

Re. Letter of Recommendation

Dear Sir or Madam:

It is my pleasure to write this letter of recommendation for System Tech Inc.

System Tech has been installing low voltage cabling in our Hospital for about six years. Their work is always of the highest quality. Their staff is very well trained and do not require constant supervision.

I have hired System Tech to do many different types of jobs for the Hospital. They have installed indoor and outdoor fiber, including single mode fiber. They have installed category five and category six cabling on many large jobs.

The owner of System Tech, Troy Mortensen, and his staff will make sure you get an excellent installation in a timely fashion.

Sincerely,

David Glass
